## Student Satisfaction Survey (SSS)

Academic Year: 2023-2024

### REPORT

In order to know and analyze how much students are satisfied with the teaching and learning process adopted by the institution, every year we conduct online satisfaction survey of the students. Questions pertaining to curriculum completion, teachers' preparation, their ability to communicate, their teaching approach, the evaluation process and post- evaluation discussion, students' social and emotional growth, their competencies with regard to POs and COs, guidance from teachers in identifying and overcoming weaknesses, their encouragement to students in activity participation,, use of ICT, sanitary access, library facilities and overall quality of teaching learning process are the areas which students are expected to respond to in the survey.

As a result, the SSS conducted for the year **2023-24** shows that **52.2%** (199) students are **very satisfied** with the college; **45.4%** (173) are **satisfied**; **0.3%** (1) **not satisfied** whereas **0.3%** (1) student is **very dissatisfied**. **1.8 %** (7) students have preferred to be **neutral** in their responses.
